

Specification/Datasheet

Heat shield models 6-half size iHexagon

Article number

60.77.918

Description

Installing the heat shield on the left side allows the distance from radiant heat sources (e.g. grill) to be reduced to 2 in (50 mm) on that side.

When using heat shields with Combi-Duos, the 2 in (50 mm) minimum distance to heat sources applies across the entire height of the set-up.

Intended use

This product is intended for professional use, such as in restaurant kitchens or catering operations for schools, hospitals, or delis. Any other use runs counter to its intended purpose and could be dangerous. RATIONAL AG assumes no liability for the consequences of improper use.

Technical specifications

Mounting the heat shield increases the width of the units by:

Heat shield	Widening of the unit by	Compatible with Combi-Duo	Compatible with recirculating hoods
right or left	2 1/8 in (53 mm)	yes	no

Dimensions and weights

Width (W):	3 in (76 mm)
Height (H):	33 1/8 in (841 mm)
Depth (D):	27 1/2 in (698 mm)
Weight:	10.6 lb (4.8 kg)

Material

Stainless steel (CNS 1.4301/AISI 304)

Note

- Only for iHexagon
