

Datasheets

Deep-frying basket model L, XL

Article number

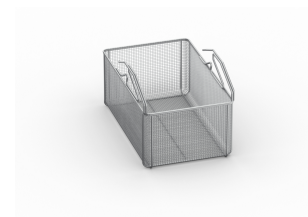

60.75.391

Description

AutoLift, the automatic raising and lowering mechanism, guarantees you perfect cooking of pasta, deep-fried, poached or boiled products and raises the products from the pan at the desired time.

The deep-frying basket is mounted on the arm for the raising and lowering mechanism and loaded with your products. This allows you to effortlessly remove your product after cooking. The positioning of the handle facilitates easy handling.

The new design with rounded edges makes cleaning easier and ensures greater stability.

Intended use

This product is only intended for commercial use, such as in restaurant kitchens or catering operations for schools, hospitals, or delis. Any other use runs counter to its intended purpose, and could be dangerous. Any other use runs counter to its intended purpose, and could be dangerous.
